

HADISON-E **Hand – Cleaner with plastic grains**

Description

HADISON-E is a perfumed paste with lanolin containing natural ingredients and thin plastic grains, specially formulated for hand cleaning from difficult soils such as oil, grease, light carbon, light paint etc.

Directions for Use

Apply a small amount in your hands and rub briskly.

When the soil is loosened simply rinse with water and/or take a dry cloth or paper towel and wipe hands clean.

Applications

The removal of industrial grime, oil and grease from the hands and other parts of the body.

Features & Benefits

- Effective and suitable for the most severe soiling. Due to its mildness can be used safely day after day.
- Works effectively in hot, cold, hard or soft waters.
- Pleasant perfume.
- Antiseptic properties
- Protects : Contains lanolin and emollient to promote good skin condition.
- Contains natural ingredients and thin sand grains, which act like a light scrubbing brush to aid the cleaning action.

Approvals

HADISON-E is approved according to the Greek legislation by the State General Chemical Laboratory as a hand cleaner with registration no. 542/86.

Packaging

HADISON-E is available in 1 and 4 liters plastic containers
