

## **SARMOL - 2000** **Liquid Soap for Dishwashing**

### **Description**

SARMOL-2000 is a very concentrated, neutral, green, lemon scented, liquid detergent specially formulated for cleaning dishes and kitchen utensils in hospitals, restaurants and household use. It is powerful, economical and soluble in water of all proportions.

### **Alternatively**

Since the product is a multi-purpose cleaner, capable of removing light layers of oil and dirt it may also be used for:

Marine for cleaning storage rooms, kitchens, food storage containers, etc.

Industrial maintenance for cleaning metal cabinets, painted surfaces, machine tools, machinery and instruments used in the food industry etc.

### **Advantages**

SARMOL-2000 is a strong, fast acting degreaser acceptable for use in the food industry.

### **Usage**

SARMOL-2000 is diluted in water - preferably hot - in various proportions, between 2 and 5%, depending on surfaces to be cleaned and the amount of oil and dirt.

It can be used by spray, mop or brush.

After cleaning, the surface must be rinsed with plenty of water.

### **Specifications**

Appearance = Green liquid.

pH (as is) = 6,4 - 7,4

**SARMOL-2000 is approved according to the Greek Legislation by the State General Chemical Laboratory with Approval No 1013/91.**

### **Caution**

SARMOL-2000 is non-caustic and non-flammable.

### **Packaging**

SARMOL-2000 is available in plastic containers of 4, 13, and 20 kg.
