

SARMOL 2080-L

Description

SARMOL 2080 – L belongs to the new generation of concentrated liquid dishwasher detergents for household and industrial use.

Benefits:

- ✓ Ideal for hard waters.
- ✓ Does not leave residue.
- ✓ Kills germs.
- ✓ Suitable for all types of dishwashers.
- ✓ Economical.

Directions for use:

Use in a concentration of 2 – 2,5 ml per liter of water for soft waters and 2,5 – 4 ml for hard waters. Adjust the dosage tube.

For dishwashing machine that do not contain dosage tubes, a concentration of 5 – 10 ml per liter of water directly to the washing machine bin for approximately 4-8 washes depending on the amount of soil.

Clean the scale of the washing machine once a month.

For better result we recommend our product, SARMOL-5030.

Caution:

Causes burns. In case of contact with eyes, wash immediately and thoroughly with water. For further instructions refer to MSDS.

SARMOL 2080-L is approved by The Greek Chemical State Laboratory with approval No. 158/2/99.

Packaging:

SARMOL 2080-L is available in containers of 4.7, 14.5 and 23.5 kg.
