

SARMOL 3050

Oven Cleaner

Description:

SARMOL 3050 is a viscous liquid specially designed for cleaning and removing fat and oil from ovens, hot plates and microwaves.

Alternatively it is used neat with excellent results to clean grills, stainless steel cooker-hoods or diluted with water to clean the areas around the grill where fat and oil accumulate and ordinary cleaners do not have any results.

Do not use on aluminum or painted surfaces.

SARMOL 3050 is broadly used in aviation companies for the above purposes with excellent results.

Meets U.S. Military Specifications A-A-59975 and A-A-96.

Directions for Usage:

SARMOL 3050 is applied neat by brush or sponge. Allow the product to act for 10-20 minutes. Wipe off the material with a brush or sponge.

Approvals:

SARMOL 3050 is approved by The Greek Chemical State Laboratory with Approval No. 2268/0/95.

Caution:

Alkaline material. Avoid contact with skin and eyes. For further information refer to Material Safety Data Sheet.

Packaging:

SARMOL 3050 is offered in 1-liter, 4-liter and 20-liter plastic pails.
