

AIR – CB – 3 **AIR - CONDITIONER CLEANER** **FOR INDOOR UNITS**

Description

AIR - CB - 3 is a liquid product which is used for the interior cleaning of air-conditioners, (evaporators, pipes, a-coils, filters, etc. It effectively removes dirt, dust, lint, oil, grease, mud, atmospheric stains, from a/c and heater coils fins).

Advantages

- a) It is non flammable.
- b) Does not contain petroleum and chlorinated solvents.
- c) It has a pleasant scent.
- d) Safe on all metals, including sensitive metals such as aluminum, tin, magnesium etc.

Cleaning air conditioners with AIR - CB - 3 increases air flow and unit efficiency while destroying bacteria and eliminating odors.

Usage

AIR - CB – 3 is used neat or diluted with water in proportion 1 part of **AIR - CB – 3** up to 5 parts of water and is applied by spray or brush. Allow to act for 3 - 10 minutes. Rinse with water.

Approvals:

AIR - CB - 3 is approved by The Greek Chemical State Laboratory with Approval No. 13635/0/2009.

Caution

Avoid contact with eyes and skin. For further information refer to Material Safety Data Sheet (MSDS).

Packaging:

AIR - CB – 3 is available in plastic pails of 4 and 20 liters and drums of 210 liters.
