

PLEDIN – PLUS

Description:

PLEDIN-PLUS is a low foaming, general purpose, liquid cleaner with the following characteristics:

- 1) Effectively removes oil, grease, carbon, ink, ashes, mud, dust, etc.
- 2) It is safe to use on all metals, painted surfaces and plastic.
- 3) It is safe for personnel when used as instructed.
- 4) PLEDIN-PLUS is very concentrated and has a very low dosage rate that makes it very economical.

Usage:

PLEDIN-PLUS is a multi-purpose general use cleaner that can be used for:

- Metal, plastic and painted surfaces.
- Floors, tiles, marble, walls, etc.
- Farming equipment, automobiles, engines, etc.
- Plastic cases that are used in drink and food industries.

In addition to all of the above PLEDIN-PLUS has many other alternative applications as a general use cleaner in household, industry and marine application.

Application:

PLEDIN-PLUS is applied by immersion, spray or brush.

It is used neat or diluted with water in a concentration of 5% depending on the amount of soil.

Allow the product to act for a few minutes and then rinse with water under pressure.

PLEDIN-PLUS can be used with cold or warm water.

Better results are obtained at a temperature of 60-70°C.

Caution:

Avoid contact with skin and eyes. In case of contact rinse with plenty of water (refer to M.S.D.S. for further information).

Packaging:

PLEDIN-PLUS is offered in 20-liter pails and 210-liter drums.
